

## Purpose:

WISA (Women in Student Affairs) focuses on the specific needs of women in higher education and helps to support and promote the interests and concerns of women at all levels within student affairs.

## Goals:

- ♀ Provide networking and mentoring opportunities.
- ♀ Support professional development activities within the regions and at the national levels, particularly the Alice Manicur Symposium and the national conference.
- ♀ Articulate to the association those issues and concerns which are central to women in student affairs.
- ♀ Utilize technology as a means to disseminate information, solicit input, communicate issues and concerns related to women, and link to resources of interest to the members.
- ♀ Collaborate with the Center for Women in their effort to encourage and promote research on issues relevant to women in student affairs.
